TROPICAL CYCLONE BULLETIN NR. 6
Tropical Depression NENENG

Issued at 11:00 PM, 19 August 2026
Valid for broadcast until the next bulletin at 5:00 AM tomorrow.

NENENG DECELERATES WHILE OVER THE SEA EAST OF TAIWAN.

Location of Center (10:00 PM)

The center of Tropical Depression NENENG was estimated based on all available data at **365 km Northeast of Itbayat, Batanes (23.3°N, 124.1°E).**

Intensity

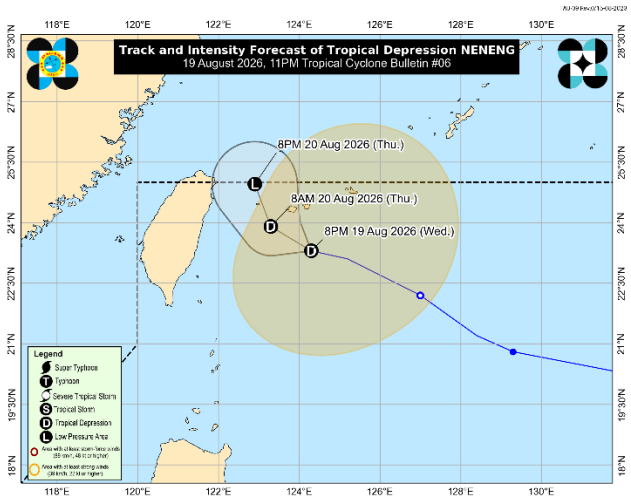
Maximum sustained winds of **45 km/h** near the center, gustiness of up to **55 km/h**, and central pressure of **1002 hPa**

Present Movement

West northwestward at 15 km/h

Extent of Tropical Cyclone Winds

Strong winds extend outwards up to **420 km** from the center



TRACK AND INTENSITY FORECAST

Date and Time	Center Position			Intensity		Movement dir. and speed (km/h)
	Lat. (°N)	Lon. (°E)	Location	MSW (km/h)	Cat.	
12-Hour Forecast 8:00 AM 20 August 2026	23.9	123.3	380 km North Northeast of Itbayat, Batanes	45	TD	WNW 10
24-Hour Forecast 8:00 PM 20 August 2026	25.0	122.9	480 km North Northeast of Itbayat, Batanes	-	LOW	NNW 10

TROPICAL CYCLONE WIND SIGNALS (TCWS) IN EFFECT

No Wind Signal is currently hoisted

OTHER HAZARDS AFFECTING LAND AREAS

Heavy Rainfall Outlook

Refer to **Weather Advisory No. 73 issued at 11:00 PM today** for the heavy rainfall outlook due to the Southwest Monsoon.

Severe Winds

The Southwest Monsoon will bring **strong to gale-force gusts** over the following areas (especially in coastal and upland areas exposed to winds):

- **Today until Tomorrow (20 August):** Most of Luzon and Visayas, Zamboanga Peninsula, Northern Mindanao, and Davao Region.
- **Friday (21 August):** Most of Luzon, Panay Island, Negros Occidental, Northern Samar, and Davao Oriental.

TROPICAL CYCLONE BULLETIN NR. 6
Tropical Depression NENENG

Issued at 11:00 PM, 19 August 2026
Valid for broadcast until the next bulletin at 5:00 AM tomorrow.

HAZARDS AFFECTING COASTAL WATERS

24-Hour Sea Condition Outlook

Up to rough seas over the following coastal waters:

- **Up to 3.5 m**: The seaboards of Ilocos Norte and Batanes; the northern and western seaboards of Babuyan Islands.
- **Up to 3.0 m**: The seaboards of Ilocos Sur, La Union, Zambales, and Lubang Islands; the western seaboards of Pangasinan and Bataan; the northern seaboard of Kalayaan Islands.
- **Mariners of motorbancas and similarly sized vessels are advised to take precautionary measures while venturing out to sea and, if possible, avoid navigation under these conditions.**

Up to moderate seas over the following coastal waters:

- **Up to 2.5 m**: The northern seaboard of Pangasinan; the western seaboards of Occidental Mindoro and Batangas; the southern seaboard of Bataan; the remaining seaboards of Babuyan Islands and Kalayaan Islands.
- **Up to 2.0 m**: The eastern seaboards of mainland Cagayan and Davao Oriental; the seaboards of Isabela and Surigao del Sur; the northern and western seaboards of Palawan including Calamian Islands.
- **Mariners of motorbancas and similarly sized vessels are advised to take precautionary measures while venturing out to sea and, if possible, avoid navigation under these conditions.**

Other coastal waters have forecast wave heights of less than 2.0 m.

TRACK AND INTENSITY OUTLOOK

- **It must be emphasized that heavy rainfall and severe winds may still be experienced in localities outside the landfall point and the forecast confidence cone. Refer to "Other Hazards affecting Land Areas" for more details. Furthermore, the track may still shift within the limit of the forecast confidence cone.**
- NENENG is forecast to move west northwestward then turn north northwestward and may pass close to Yaeyama Islands between tomorrow (20 August) morning and afternoon. The center of NENENG will remain over the Philippine Sea throughout the forecast period.
- NENENG will remain a tropical depression in the next 12 hours before weakening into a remnant low over the sea east of Taiwan by tomorrow evening. However, an earlier weakening into a remnant low is not ruled out.

Considering these developments, the public and disaster risk reduction and management offices concerned are advised to take all necessary measures to protect life and property. Persons living in areas identified to be highly or very highly susceptible to these hazards are advised to follow evacuation and other instructions from local officials. **For heavy rainfall warnings, thunderstorm/rainfall advisories, and other severe weather information specific to your area, please monitor products issued by your local PAGASA Regional Services Division.**

The next tropical cyclone bulletin will be issued at 5:00 AM tomorrow.
